

# ACID BASE CALENDAR 2026

Date	Class	Our Plans
Mon Apr 13	double	Class #1 What are acids and bases, Acid Base Neutralization reactions Class #2 Ammonia as a weak base, Dynamic Equilibrium with acid base indicators.
Tues Apr 14	single	Class #3 Titration Math, intro to pH
Wed Apr 15	double	Acid Base Chemistry Class #4 Math Practice Acid Base Indicator Handout
Thurs Apr 16	single	Titration Practice Handout in Lab
Fri Apr 17	double	Acid Base Titration Lab
Mon Apr 20	single	Acid Base Notes finish up last details
Tues Apr 21	double	Acid Base Color Chase Lab
Wed Apr 22	single	Acid Base Walk Around Practice—Review for tomorrow
Thurs Apr 23	double	<b>Acid Base Celebration</b> There are no makeups for this celebration
Fri Apr 24	single	Regents Exam Practice Questions 1—50, HW do 51-85. (Our training has begun)
Mon Apr 27	double	Start Organic Chem Review Regents exam answers
Tues Apr 28	single	Organic Class #2
Wed Apr 29	double	Organic Class #3 Walk around Molecules Practice
Thurs Apr 30	single	Organic Class #4
Fri May 1	double	Organic Class #5 More Walk around Molecules Practice
