

# ACID BASE CALENDAR 2026

Date	Class	Our Plans
Mon Apr 3	double	Class #1 What are acids and bases, Acid Base Neutralization reactions Class #2 Ammonia as a weak base, Dynamic Equilibrium with acid base indicators.
Tues Apr 4	single	Class #3 Titration Math, intro to pH
Wed Apr 5	double	Acid Base Chemistry Class #4 Math Practice Titration Practice Handout in Lab
Thurs Apr 6	single	Acid Base Indicator Handout
Fri Apr 7	double	Acid Base Titration Lab
Mon Apr 7	single	Acid Base Notes finish up last details
Tues Apr 8	double	Acid Base Color Chase Lab
Wed Apr 9	single	Acid Base Walk Around Practice—Review for tomorrow
Thurs Apr 10	double	<b>Acid Base Celebration</b> there are no makeups for this celebration
Fri Apr 11	single	Regents Exam Practice Questions 1—50, HW do 51-85. (Our training has begun)
Mon Apr 14	double	Start Organic Chem Review Regents exam answers
Tues Apr 15	single	Organic Class #2
Wed Apr 16	double	Organic Class #3 Walk around Molecules Practice
Thurs Apr 17	single	Organic Class #4
Fri Apr 18	double	Organic Class #5 More Walk around Molecules Practice
