

Organic Chem Calendar 2026

Date	Class	Our Plans
Mon Apr 27	double	Organic Chem Class #1 Alkanes, Tables P and Q Review Regents exam answers
Tues Apr 28	single	Organic Class #2 Alkenes and Alkynes, Tables P and Q
Wed Apr 29	double	Organic Class #3 Halocarbons, Table R (the Pirate Table) Hydrocarbon Walk around Molecules Practice
Thurs Apr 30	single	Organic Class #4 Alcohols and Ethers
Fri May 1	double	Organic Class #5 Addition and Substitution Reactions Halogen, Alcohol, and Ethers Walk around Molecules Practice
Mon May 4	single	Organic Class #6 Aldehydes & Ketones, Acids and Esters, Amines & Amides
Tues May 5	double	Organic Classwork Project Part 1 Walk around practice tables P, Q and R
Wed May 6	single	Fermentation, Polymerization, Saponification, Esterification
Thurs May 7	double	Branched Hydrocarbons Organic Classwork Project, Part 2
Fri May 8	single	Review of Organic Chem
Mon May 11	double	Organic Chem Celebration of Knowledge
Tues May 12	single	Begin Redox/Electrochemistry
